1.3 PURPOSE OF THE RFP

The purpose of this RFP is to select a vendor that can satisfy the State's need for PRAMS data collection that is primarily conducted by mail with telephone follow-up to non-responders. All supporting data and documentation relating to the survey must be edited, cleaned, and transmitted, to the ISDH PRAMS Data Analyst and the CDC PRAMS Program Office according to a specified protocol of data delivery. It is the intent of ISDH to contract with a vendor that provides quality data collection through mail and telephone surveys for the ISDH MCH PRAMS Program.

1.4 SUMMARY SCOPE OF WORK

The Indiana State Department of Health seeks a vendor for data collection services for PRAMS. PRAMS is an ongoing, population-based surveillance system designed to identify and monitor selected maternal

experiences and behaviors that occur before and during pregnancy and during the child's early infancy. PRAMS is completed with a stratified sample of women delivering a live birth.

ISDH prefers a minimum of three years' experience conducting PRAMS. Data will be collected through the PRAMS Integrated Data Collection System (PIDS). The survey will be ready to begin April 2017.

A. PERSONNEL AND TRAINING (Reference: PRAMS Protocol, Chapter 3.9)

A competent staff of interviewers is vital to successfully completing the PRAMS surveys and ensuring data quality.

The Contractor will recruit and select qualified interviewers. Training must include all requirements per PRAMS Protocol Chapter 3.9 Staff Training, including Human Subjects Training, as required by CDC for all interviewers and supervisors working with the PRAMS program.

Interviewers and supervisors will be required to sign confidentiality agreements designed to protect PRAMS identifiable information. The contractor will develop and maintain procedures to ensure confidentiality of information provided by the survey respondents.

The contractor will provide appropriate Spanish language services for a respondent when needed.

The contractor will send one representative to the CDC annual PRAMS conference held each year out of state for between three to five days. Expenses for travel are allowable and may be included in the proposed costs (see Attachment C and Attachment D)

Quality assurance for job performance is essential and performance statistics must be communicated to ISDH and the CDC. The contractor will provide a management and quality assurance plan that shall include, but is not limited to, methods used to ensure timeliness and quality of data collection, communication strategies with ISDH, contingency plans for interruption of work, and plan for use of sub-contractors, if any. The management and quality assurance plan shall be submitted to ISDH within 30 days of accepted agreement.

B. DATA COLLECTION (Reference: PRAMS Protocol, Chapter 5)

The expected number of women to be sampled will be 1,500 – 3,500 each year (dependent on number of births each year to obtain the required weighted sample size). Targeted response rate must be greater than 60%. Response rates are crucial.

The contractor will conduct mail and telephone interviews in accordance with the PRAMS protocol, utilizing PIDS. The principles and practices of the mixed-mode survey methodology incorporated in PRAMS are based primarily on the Tailored Design Method (TDM) including mail, web, and telephone surveillance. The option to complete the survey online is offered during the mailings and runs concurrently with the mail phase.

The contractor will conduct interviews in the time sequence supplied by the CDC and ISDH in accordance with the script and structure of PIDS. The script shall be read exactly as presented and question probes are only allowed as defined in the script. If the mother is unavailable, messages left at the home shall include only general information according to a prepared message script.

PRAMS telephone interviews must be conducted at varied times to maximize the potential of reaching the mother. Calls shall be staggered across different days of the week and include daytime, evening, and

weekend hours in the Eastern Time zone. Up to fifteen call attempts shall be made to each valid telephone number available for each mother. See table below:

Forms of Contact	Time Sequence
Pre-letter	Day 1
First Mailing	Day 3-7
Tickler	Day 7-10
Alternate Mailing	2-3 Days Before Second Mailing
Second Mailing	Day 7-14
Third Mailing	Day 7-14
Phone Phase	Up to 15 Calls per viable phone number Varied times of day and days of week
Close	Day 21-35 after Phone Initiation

The contractor must demonstrate extensive supervision of the survey and interview process. Experience is essential to the assessment of the contractor's ability to detect systematic, recurring errors within the surveillance operation.

C. DATA MANAGEMENT (Reference: PRAMS Protocol, Chapter 6 and Appendix P)

Contractor will conduct mailings and telephone interviews using the CDC PIDS survey data entry and tracking system. In PIDS, contractor will:

- Track operations
- Enter mail survey data
- Enter hand-written comments
- Track web-survey responses
- Administer and enter data from telephone interviews
- Synchronize the mail, web, phone, and operations information

Data sets can be sent electronically or made available via download from the contractor.

D. QUALITY CONTROL (Reference: PRAMS Protocol Chapters 5 & 6, and Attachment M)

The Contractor shall complete quality assurance monitoring of telephone interviews and data collection per PRAMS Protocol Chapters 5, 6 and Attachment M. Contractor shall also submit monthly reports demonstrating such to ISDH.

The contractor will record telephone interviews on paper as needed or required by ISDH and/or CDC, such as during Internet and/or PIDS interruptions.

The equivalent of 10% of calls per batch shall be monitored by ISDH staff.

E. REPORTING REQUIREMENTS

Weekly status reports will be provided to ISDH on a mutually agreed upon day and include the full disposition of mail (sent and returned), calls attempted from the monthly batch, including but not limited to, the number of contacts attempted, number of potential respondents contacted, number of refusals, telephone numbers used and source, and number of completed interviews. This information shall be provided by identified stratification variables. Standard definitions and calculations for response rate reporting shall be used. If the weekly or monthly batch status reports reveal that minimum requirements for mail and call attempts and response rates are not being met, the Contractor shall submit a corrective action plan within five (5) working days from receipt of such notice from ISDH.

Additional information about the PRAMS Model Surveillance Protocol, referenced above, is available at the following web address: <http://www.cdc.gov/prams/methodology.htm>.

Information provided should include the name, address, and telephone number of the client facility and the name, title, and phone/fax numbers of a person who may be contacted for further information.

2.3.7 Registration to do Business

Secretary of State

If awarded the contract, the Respondent will be required to be registered, and be in good standing, with the Secretary of State. The registration requirement is applicable to all limited liability partnerships, limited partnerships, corporations, S-corporations, nonprofit corporations and limited liability companies. The Respondent must indicate the status of registration, if applicable, in this section of the proposal.

Department of Administration, Procurement Division

Additionally, respondents must be registered with the IDOA. This can be accomplished online at <http://www.in.gov/idoa/2464.htm>.

The IDOA Procurement Division maintains two databases of vendor information. The Bidder registration database is set up for vendors to register if you are interested in selling a product or service to the State of Indiana. Respondents may register on-line at no cost to become a Bidder with the State of Indiana. To complete the on-line Bidder registration, go to <http://www.in.gov/idoa/2464.htm>. The Bidder registration offers email notification of upcoming solicitation opportunities, corresponding to the Bidder's area(s) of interest, selected during the registration process. Respondents do need to be registered to bid on and receive email notifications. Completion of the Bidder registration will result in your name being added to the Bidder's Database, for email notification. The Bidder registration requires some general business information, an indication of the types of goods and services you can offer the State of Indiana, and locations(s) within the state that you can supply or service. There is no fee to be placed in Procurement Division's Bidder Database. To receive an award, you must be registered as a bidder. Problems or questions concerning the registration process or the registration form can be e-mailed to Amey Redding, Vendor Registration Coordinator, aredding@idoa.in.gov, or you may reach her by phone at (317) 234-3542.

2.3.8 Authorizing Document

Respondent personnel signing the Transmittal Letter of the proposal must be legally authorized by the organization to commit the organization contractually. This section shall contain proof of such authority. A copy of corporate bylaws or a corporate resolution adopted by the board of directors indicating this authority will fulfill this requirement.

2.3.9 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this RFP, and shall not be relieved by the non-performance of any subcontractor. Any Respondent's proposal must identify all subcontractors and describe the contractual relationship between the Respondent and each subcontractor. Either a copy of the executed subcontract or a letter of agreement over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes, and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, the technical proposal must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. All subcontracts held by the Respondent must be made available upon request for inspection and examination by appropriate State officials, and such relationships must meet with the approval of the State.

The Respondent must list any subcontractor's name, address and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this RFP or in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority or Women Owned Business under IC 4-13-16.5-1. See Section 1.21 and Attachment A for Minority and Women Business information.

2.3.10 Evidence of Financial Responsibility

This section will indicate the Respondent's ability to provide the mandatory evidence of financial responsibility. See Section 1.24 for details.

Notwithstanding any other provisions relating to the beginning of the term, any contract will not become effective until the evidence of financial responsibility is delivered in the correct form and amount to the address indicated in Section 1.24.

2.3.11 General Information

Each Respondent must enter your company's general information including contact information.

2.3.12 Experience Serving State Governments

Each Respondent is asked to please provide a brief description of your company's experience in serving state governments and/or quasi-governmental accounts.

2.3.13 Experience Serving Similar Clients

Each Respondent is asked to please describe your company's experience in serving clients of a similar size to the State that also had a similar scope. Please provide specific clients and detailed examples.

2.4 TECHNICAL PROPOSAL

The Technical Proposal must be divided into the sections as described below. Every point made in each section must be addressed in the order given. The same outline numbers must be used in the response. RFP language should not be repeated within the response. Where appropriate, supporting documentation may be referenced by a page and paragraph number. However, when this is done, the body of the technical proposal must contain a meaningful summary of the referenced material. The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked. If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State. **The Technical Proposal Template is Attachment F.**

2.5 COST PROPOSAL

Respondents must complete a Cost Proposal (Attachment C) and Cost Proposal Narrative (Attachment D).

The Cost Proposal and Cost Proposal Narrative must be submitted in the original format. Any attempt to manipulate the format of the Cost Proposal documents, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk.

In the Cost Proposal Narrative, respondents will detail the proposed actual costs for staff, training, annual conference attendance and conducting the entire data collection, sampling, and cleaning of data for both the core questions and the state-added questions for the Indiana PRAMS. This includes detailing separate costs for the mail and web-based surveys, as well as the telephone interview components, with the protocol and sample size described in the Technical Proposal section.

All cost proposals and narratives must provide total annual costs by the categories identified. Total costs must not be expressed in amount per minute, etc.)

Pre-testing of new add-on or state-added questions will be provided at no-cost by the contractor. Additional payments (as an addendum to the basic contract) will be made for costs of extra programming and interviewing. A separate contract may be required for any add-on or state-added questions. The

contractor will be responsible for detailing all costs and will negotiate the details of any necessary addendum to the contract with ISDH.

The contractor will maintain adequate records supporting costs associated with the final contract. Such records shall, at a minimum, include personnel time records signed and approved by the contractor, equipment rental, telephone lines, supplies, and other costs relating to collection of PRAMS data. ISDH shall have access to all such records upon request.

SECTION THREE **PROPOSAL EVALUATION**

3.1 PROPOSAL EVALUATION PROCEDURE

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposals offer the best means of servicing the interests of the State. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated on the basis of the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 If technical proposals are close to equal, greater weight may be given to price.
- 3.1.4 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State, taking into account all of the evaluation factors, may be selected by IDOA and ISDH for further action, such as contract negotiations. If, however, IDOA and ISDH decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, IDOA may begin contract preparation with the next qualified Respondent or determine that no such alternate proposal exists.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 103). If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking into account such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	50 available points

3. Cost (Cost Proposal)	40 available points
4. Minority Business Enterprise Subcontractor Commitment	5 available points (1 bonus point is available, see Section 3.2.6)
5. Women Business Enterprise Subcontractor Commitment	5 available points (1 bonus point is available, see Section 3.2.6)
Total	100 (102 if bonus awarded)

All proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. This scoring will have a maximum possible score of 90 points. All proposals will be ranked on the basis of their combined scores for Criteria 2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be considered for any further evaluation.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, demonstrations, etc. focused on cost and other proposal elements. Step 2 may include a second “short list.”

Step 3

The short-listed proposals will then be evaluated based on all the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

- 3.2.1 Adherence to Requirements – Pass/Fail
Respondents passing this category move to Phase 2 and proposal is evaluated for Management Assessment/Quality and Price.

The following 2 categories cannot exceed 90 points.

- 3.2.2 Management Assessment/Quality – 50 available points
- 3.2.3 Price – 40 available points

Cost scores will then be normalized to one another, based on the lowest cost proposal evaluated. The lowest cost proposal receives a total of 40 points. The normalization

formula is as follows:

- *Respondent's Cost Score = (Lowest Cost Proposal / Total Cost of Proposal) X 40 points*

3.2.6 Minority (5 points) & Women's Business (5 points) Subcontractor Commitment - (10 points).

The following formula will be used to determine points to be awarded based on the MBE and WBE goals listed in Section 1.20 of this RFP. Scoring is conducted based on an assigned 10-point, plus possible 2 bonus-points, scale (MBE: Possible 5 points + 1 bonus point, WBE: Possible 5 points + 1 bonus Point). Points are assigned for respective MBE participation and WBE participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established MBE or WBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%
Pts.	.625	1.25	1.875	2.5	3.125	3.75	4.375	5.0

NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 4.375 pts., 7.50% will be rounded up to 8% = 5.00 pts.)

If the respondent's commitment percentage is rounded down to 0% for MBE or WBE participation the respondent will receive 0 points.

If the respondent's commitment percentage is 0% for MBE or WBE participation, a deduction of 1 point will be discounted on the respective MBE or WBE score.

The respondent with the greatest applicable CUF participation which exceeds the stated goal for the respective MBE or WBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable CUF participation and both firms exceed the goal for the respective MBE/WBE category both firms will receive 6 points.

3.2.8 Qualified State Agency Preference Scoring

When applicable, pursuant to Indiana Code 5-22-13, a qualified state agency submitting a response to this RFP will be awarded preference points for Minority and Women's Business Enterprise equal the Respondent awarded the highest combined points awarded for such preferences in the scoring of this RFP.

The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposal(s) offer the best means of servicing the interests of the State. The exercise of this discretion will be final.
